

## INTRODUCING THE 2007 **DONZI 35 ZFX**

Following on the heels of its popular 38 ZFX, Donzi is introducing a new 35-foot ZFX model offering the same great features as its 38-foot sibling in a more affordable twin-engine package. The 35 ZFX features an inviting, curved forward seating area – a significant departure from the “standing room only” layout of many center consoles.

In addition to its roomy cockpit, the 35 ZFX also features an enclosed cuddy cabin with V-berth, while inside the console there’s a stand-up head compartment with nearly six feet of headroom, containing a freshwater sink, shower, and available electric head.

The helm features a distortion-free, tempered glass windshield, and Mercury Smart Craft multifunction gauges. The richly upholstered side-by-side dual helm seat with drop down bolsters assures comfortable seating would be right at home on an offshore race boat, while thickly-padded, richly upholstered seating surfaces guarantee a comfortable ride for everyone on board – even offshore at speeds in excess of 60mph.
